In this scenario the giver set up a recurring donation of \$75.00 per week to the general fund. After clicking “Give” button you will see this:

The screenshot shows a mobile application interface for setting up a recurring donation. At the top, there is a dark green header with a "Login / Sign Up" link. Below the header, the church name "Luverne Christian Reformed Church" and address "Luverne, MN 56156" are displayed. The main form area shows a donation amount of "75.00" and "Give to: General Fund". A confirmation dialog box is overlaid in the center, asking "Are you sure you want to automatically give \$76.06 to Luverne Christian Reformed Church every week?". The dialog has "Cancel" and "OK" buttons. The background form is dimmed, showing fields for a phone number (091915845), email (shawn.vis@bayer.com), and a "General Fund Giving" section with a toggle for "Cover fees?" and "Setup automated giving?". At the bottom, there are options for "Give: Every Week" and "On Monday", and a "Remember me" checkbox.

This is the final screen after clicking “ok” at the confirmation prompt.

The screenshot shows the final screen of the mobile application after a successful donation setup. It features a green header with a "Login / Sign Up" link. The main content area has a white background with a dark green border. The text reads "Thanks for setting up automated giving!" followed by a message: "If you ever want to cancel, you can do so by downloading our app or go to <https://tithe.ly/give>." Below this text is a dark blue button labeled "Make Another Gift".
